Vivekananda Global University, Jaipur (India)

Phone: +91-9835603733 Gmail: [farhanansari334278@gmail.com](mailto:farhanansari334278@gmail.com)

## Profiles

---

LinkedIn: [Md farhan ansari](#)

GitHub: [farhan3691](#)

## Projects

---

### 1. Wander Lust

Wander Lust a full-stack web application similar to Airbnb where users can browse properties, create their own property post, upload images, and write reviews with ratings. Implemented secure authentication, authorization, cloud-based image storage, and server-side validation.

#### Technologies Used

- **Frontend:** HTML5, CSS, Bootstrap, EJS Templating
- **Backend:** Node.js, Express.js, MongoDB + Mongoose, Passport (Authentication, Authorization), JOI Validation, Cloudinary storage for image upload

## Technical Skills

---

### 1. Programming Languages

Java (variable, data type, loop statement, conditional statement, function, array basics, string basics)
